Preemptive subscription rights shall be transferable on the same terms as the shares to which they relate. In the event of an increase with a charge to reserves, the same rule shall apply to the rights to allocation of the new shares for no consideration.

Where any shareholder does not exercise or transfer his preemptive subscription right in the manner stipulated in these Bylaws, the Board of Directors may offer the subscription of the corresponding shares to such third parties as it deems appropriate or declare the capital increase to be incomplete, in which case the capital shall only be increased by the amount actually subscribed."

The Company guarantees at all times the equal treatment of all shareholders in the same position as regards information, participation and exercise of the right to vote at the General shareholders' Meeting.

In particular, it shall cover the accessibility requirements of persons with disabilities and the elderly to guarantee their right to have prior information and the necessary support to exercise their vote."

"Article 12. Types of Meeting

General shareholders' Meetings may be Ordinary or Extraordinary and must be called by the Company's Board of Directors.

The Ordinary Shareholders Meeting must be held, following the relevant call, within the first six months of each fiscal year, with a view to, if appropriate, approving the conduct of management of the Company, the financial statements and the management report for the previous fiscal year and resolving on the distribution of income or allocation of loss, without prejudice to other legally required matters.

Any other matter reserved by law or in the Bylaws to the authority of the General shareholders' Meeting may be decided at an Ordinary or Extraordinary Meeting.

The Ordinary Shareholders Meeting shall be valid even where called or held late.

An Extraordinary Shareholders Meeting shall be held whenever so resolved by the Board of Directors or when requested by a number of shareholders representing at least three percent of the capital stock, stating in their request the business to be transacted at the Meeting. "Article 14. Quorum

Ordinary and Extraordinary Shareholders Meetings shall be called and validly convened pursuant to the Law.

In order for an Ordinary and Extraordinary Shareholders Meeting to be able to validly adopt a resolution for a capital increase or reduction or any other amendment of the Bylaws, the issue of debentures, the removal or limitation of the preemptive right of acquisition of new shares, or an alteration of legal form, merger, spin-off or transfer of block of assets and liabilities, or the transfer abroad of the registered office, shareholders holding at least 50

percent of the subscribed voting capital stock must attend in person or by proxy on first call. On second call, the attendance of 25 percent of said subscribed voting capital stock shall be sufficient.

Non-voting shares and those whose holders are not up to date in the payment of calls on unpaid capital shall not be counted as present or represented at any General shareholders' Meeting.

Shares or other securities the non-economic rights of which exceed the limits recognized in Article 5 shall not be taken into account when calculating the quorum required to convene the relevant General shareholders' Meeting.

Meetings or when calculating the majorities for adoption of resolutions."

“Article 15. Right to Information

Shareholders may request such information or explanations as they deem necessary concerning the items of interest to them, in the manner stipulated by the applicable laws, and shall receive information via the Company website as stipulated by the law, these Bylaws and the rules on corporate governance.

From the date of publication of the call notice for the General shareholders' Meeting until the fifth day prior to the date set for holding the Meeting on first call, shareholders may request in writing such information or clarifications as they deem necessary or pose in writing such questions as they deem relevant concerning the items on the Agenda. During the same prior period and in the same manner, or orally during the Meeting, shareholders may request information, clarifications or pose questions concerning publicly available information furnished by the Company to the National Securities Market Commission since the last General shareholders' Meeting was held and concerning the auditor's report.

All valid requests for information, clarifications or questions, made in writing, and the replies provided in writing by the directors, will be uploaded on the Company's website.

If prior to the formulation of a specific question, the requested information is clearly, directly and expressly available to all shareholders on the Company website in a question and answer format, Directors may merely reply by referring to the information provided in this form. Directors must furnish the information in writing up to the date of holding the General shareholders' Meeting.

During the holding of the General shareholders' Meeting, the shareholders of the Company may orally request the information or clarifications they deem fit with regard to the matters on the Agenda, with regard to any information accessible to the public that may have been provided by the Company to the National Securities Market Commission since the last General shareholders' Meeting was held and with regard to the auditors' report and, if the shareholders' right cannot be satisfied at that time, the directors will be obliged to provide that information in writing within seven days after the General shareholders' Meeting has ended.

Directors must provide the information requested pursuant to the foregoing paragraphs except in cases in which this information is unnecessary to protect shareholders' rights, or objective reasons exist to consider that it may be used for non-corporate purposes or that its disclosure could damage the Company or its related companies. Information may not be refused where the request is supported by shareholders who represent at least twenty-five (25) percent of the capital stock."

“Article 17. Presiding Board, mode of deliberation

The General shareholders' Meeting shall be chaired by the Chairman of the Board of Directors and, in his absence, if there are Deputy Chairmen, by the relevant Deputy Chairman according to rank or to seniority in the office, if no rank has been established, and, in their absence, by the person designated by the Board of Directors and, in the absence of such designation, by such Director or shareholder as is freely designated by the shareholders in attendance, for each General shareholders' Meeting.

The Secretary or Deputy Secretary, if any, of the Board of Directors shall act as Secretary of the General shareholders' Meeting. In the absence of both, the person designated by the Board of Directors and, if no such designation exists, such Director or shareholder as is freely designated by the shareholders in attendance, for each General shareholders' Meeting, shall act as General shareholders' Meeting Secretary.

The Chairman is responsible for directing and establishing the order of deliberations and speeches; for deciding on the form of voting on resolutions; for resolving any doubts, clarifications or complaints which are raised in relation to the Agenda, the list of attendees, ownership of shares, delegations of authority or proxies, the requirements for the valid convening of, and adoption of resolutions by, the General shareholders' Meeting, or regarding the Bylaws limit on the right to vote; and for granting the floor to any shareholders requesting it, withdrawing it or refusing it and ending debates when he considers the matter being debated to have been sufficiently discussed.

Each share confers the right to one vote. Resolutions shall be adopted by a majority of the votes, a simple majority of the votes of the shareholders present or represented at the Meeting; a resolution will be deemed adopted whenever it obtains more votes in favor than against, of the capital stock present or represented. In order to adopt the resolutions foreseen in Article 14 of the Bylaws, which require a greater quorum, if the capital stock present or represented exceeds fifty (50) percent, it will suffice for the resolution to be adopted by an absolute majority. However, the favorable vote of two thirds of the capital stock present or represented at the Meeting will be required if, at second call, shareholders attending represent twenty-five percent or more of the voting capital subscribed, without reaching fifty (50) percent. The foregoing will not apply in those cases where, unless the law requires a greater majority.

No person, by virtue of his own right or of a proxy, may exercise voting rights which exceed the shareholding limits stipulated in Article 5 of these Bylaws,

with the exception of the provisions on public proxy solicitations set forth in the last paragraph of Article 15 above.

The statutory limit on shareholding in the Company shall also apply to the maximum number of votes that may be cast, collectively or separately, by two or more shareholders, one of whom owns indirect holdings in the capital stock of the Company (as defined in Article 5).

The limitations on voting rights stipulated by the law and in these Bylaws shall operate with respect to all matters submitted to a vote at a General shareholders' Meeting, including the right to proportional representation referred to in Article 243 of the Spanish Companies Act, but shall not prevent the shares to which said right applies from being counted as voting capital stock in attendance for the purpose of calculating the necessary quorums for convening General shareholders' Meetings.

For each resolution submitted to a vote the General shareholders' Meeting must determine, at minimum, the number of shares with respect to which valid votes have been cast, the proportion of the capital stock represented by such votes, the total number of valid votes, the number of votes for and against each resolution and, as the case may be, the number of abstentions.

The resolutions approved and the result of the voting shall be published in full on the Company website within the five days following the end of the General shareholders' Meeting."

“Article 17 BIS. Voting by remote means of communication prior to the Meeting

Shareholders entitled to attend and vote may cast their vote on the proposals relating to items included on the Agenda, prior to the holding of the General Shareholders' Meeting, by postal or electronic correspondence or by any other means of remote communication, provided that the identity of the individual exercising his right to vote and the security of the electronic communications are duly guaranteed, in accordance with the provisions of the applicable legislation, as well as of the Regulations of the General shareholders' Meeting and all such supplementary rules and rules implementing the aforementioned Regulations as may be approved by the Board of Directors.

Shareholders entitled to attend and vote who cast their votes remotely , as provided for in this article, must be counted as present for the purposes of convening the General shareholders' Meeting.

The Board of Directors, having regard to the technical and legal bases making it possible and duly guaranteeing the identity of the individual exercising his right to vote, is authorized to implement the foregoing provisions by establishing the appropriate rules, means and procedures according to the state of the art with a view to instrumenting the casting of votes and the grant of proxies by electronic means, in compliance with any legislation which may be enacted for this purpose.

Any implementing provisions adopted by the Board of Directors under the provisions of this Article, as well as the means, procedures and forms

established for granting a proxy and exercising the right to vote absentee shall be posted on the Company's website.

Personal attendance at the General shareholders' Meeting by the shareholder or by his proxy-holder shall constitute the revocation of a vote cast by postal or electronic correspondence or by any other means of remote communication."

Fourth. - Addition of a new article 15 bis ("Rights of attendance and representation")

To incorporate a new article 15 bis ("Rights of attendance and representation") in Section One ("General Shareholders' Meeting") of Title III ("Corporate Bodies") of the Company's Bylaws, which shall read as follows:

"Article 15 BIS. Rights of attendance and representation

Shareholders may attend the General shareholders' Meeting if they are up to date in the payment of calls on unpaid capital and evidence their ownership by way of certification of the registration of their name in the accounting record of book entries at least five days before the date on which the Meeting is to be held. Shareholders shall ask the Entity in charge of the accounting record to issue the appropriate certificate of entitlement or equivalent document from the accounting record of book entries of the Company's securities, in order to obtain, where necessary, the appropriate attendance card from the Company.

When the Board of Directors so resolves and it is so provided in the notice of call, the shareholders entitled to attend the General shareholders' Meeting and their representatives may attend remotely, by telematic and simultaneous means, in a manner that allows their recognition and identification, and proceed to cast the electronic vote remotely during the Meeting and subject to the requirements set forth in the Regulations of the General shareholders' Meeting and the procedure resolved by the Board of Directors for such purpose.

Additionally, the Board of Directors shall be authorised to call the Meeting to be held exclusively by telematic means, provided that the identity and entitlement of the shareholders and their representatives is duly guaranteed and that all attendees can effectively participate in the meeting by means of appropriate remote communication media, such as audio or video, complemented by the possibility of written messages during the course of the Meeting, to exercise in real time their rights of speech, information, proposal and vote, as well as to follow the interventions of the other attendees by the means indicated above, the Shareholders being entitled to delegate or vote in advance on proposals on items included on the Agenda by any of the means provided for in current legislation, the Company Bylaws and the Regulations of the General shareholders' Meeting, provided that the minutes of the meeting are drawn up by a notary. The exclusively telematic Meeting shall be deemed to be held at the registered office regardless of where the Chairman of the Meeting is located.

For all purposes, the telematic attendance of the shareholder and the proxy shall be equivalent to physical attendance at the General shareholders' Meeting.

The Directors must attend General shareholders' Meetings.

Also, in order to facilitate its dissemination, it will be possible to broadcast the meeting live and record it in audiovisual form.

Shareholders who are entitled to attend may be represented at the General shareholders' Meeting by another person, in the manner established by articles 184 through 187 and 521, 522, 523 and 524 of the Spanish Companies Act, in relation, in any case, to the provisions of these Bylaws. The proxy must be granted in writing and specifically for each Meeting.

Proxies may be also granted by means of postal or electronic correspondence or by any other means of remote communication, provided that the identity of the individual granting the proxy and the security of the electronic communications is duly guaranteed, pursuant to the provisions of the applicable legislation and subject, if appropriate, to the provisions of article 17 bis of these Bylaws on the casting of votes by the aforesaid means, insofar as this is not incompatible with the nature of the proxy granted.

The provisions of the preceding two paragraphs shall also apply to the notification to the Company of the appointment of the proxy-holder and to the revocation of the appointment. The Company shall establish the system for electronic notification of the appointment, with the formal, necessary and proportionate requirements in order to guarantee the identity of the shareholder and of the proxy-holder(s) appointed thereby.

Where instructions are issued by the represented shareholder, the proxy-holder shall cast the vote in accordance with such instructions and shall be obliged to keep the instructions for a period of one year as from the date of the relevant Meeting.

Proxy-holders may hold the proxies of more than one shareholder with no limit on the number of shareholders they may represent. A proxy representing multiple shareholders may cast conflicting votes based on the instructions given by each shareholder. In any event, the number of represented shares will be used in the calculation of a quorum for the Meeting.

Prior to his appointment, a proxy-holder must provide detailed information to the shareholder on whether it has any conflict of interest, in accordance with the provisions of article 523 of the Spanish Companies Act. If the conflict arises after his appointment and the proxy-holder has not warned the represented shareholder of its potential existence, it must inform the shareholder immediately. In both cases, if no new specific voting instructions have been received for each of the items on which the proxy-holder is to vote in the name of the shareholder, the proxy-holder must refrain from casting the vote.

Where the Directors of the Company, or another acting for the account or in the interests of any of them, have made a public proxy solicitation, the Director obtaining it may not exercise the right to vote attaching to the shares

represented on those items on the Agenda in respect of which he has a conflict of interest unless he has received specific voting instructions from the represented shareholder for each item, as provided in this article, in accordance with article 526 of the Spanish Companies Act.

Any intermediary entities registered as entitled shareholders according to the share accounting register, albeit acting on behalf of other ultimate beneficiaries persons may in any case split their vote and vote against the proposal, further to different voting instructions, if such are received. These intermediary entities may grant a proxy to each of the ultimate beneficiaries indirect holders or to third parties designated by the latter, without limitation on the number of proxies granted.

Personal attendance of the General shareholders' Meeting, either physically or telematically, by the shareholder represented shall be deemed to revoke the proxy granted.

No person may accumulate proxies in the name of the same shareholder which confer on it voting rights in the name of that shareholder that exceed the limits established in article 5 of these Bylaws."

Fifth. - Amendments relating to Section Two ("Managing Body") of Title III ("Company Bodies") of the Bylaws (articles 20 "Board of Directors", 23 "Audit Committee", 24 "Appointments and Remuneration Committee" and new 24 bis "Sustainability Committee").

To amend Articles 20 ("Board of Directors"), 23 ("Audit Committee") and 24 ("Appointments and Remuneration Committee"), as well as to incorporate a new Article 24 bis ("Sustainability Committee") in Section Two ("Administrative Body") of Title III ("Corporate Bodies") of the Company's Bylaws, which shall read as follows:

"Article 20. Board of Directors

The Board of Directors shall be formed by at least nine (9) and not more than thirteen (13) members.

Directors will be designated by the General shareholders' Meeting or, if a vacancy arises in advance, the Board will designate it by cooptation. The General shareholders' Meeting shall set the final number of Directors within the aforesaid maximum and minimum limits.

When selecting the Directors, regard shall be had to the company's capital composition and structure. It shall be sought to have non-executive Directors (independent, proprietary and other external directors) represent a broad majority. In any case, the Board shall be composed in such a way as to ensure that the capital stock is most suitably represented.

The Directors appointed shall hold office for four years and may be reappointed indefinitely, notwithstanding the power of the General shareholders' Meeting to remove them at any time.

Voting and information rights must be exercised through the electronic means of remote communication deemed appropriate in accordance with the provisions of these Regulations.*
- c. *The Board of Directors may stipulate in the call that the addresses and proposals of resolutions that, in accordance with law, are formulated by the shareholders that attend using telematic means must be submitted to the Company before the General Meeting is held. The replies to those shareholders or representatives who attend the General Meeting in this manner and who exercise their right to information during the course of the meeting shall be produced during the meeting itself or in writing within seven days following the holding of the General Meeting, when appropriate and as determined by the Board of Directors.*
- d. *The inclusion of shareholders or representatives of shareholders attending remotely in the list of attendees shall be in accordance with the provisions of these Regulations.*
- e. *The interruption of the communication, due to technical circumstances or for security reasons arising from supervening circumstances, may not be invoked as an illegitimate deprivation of the shareholder's rights, nor as a cause for challenging the resolutions adopted by the General Meeting.*

4. *The Board of Directors may resolve to convene the Meeting to be held exclusively by telematic means, complying with the requirements established in the legislation in force and in the statutory authorization granted, implementing the necessary measures in accordance with the state of the art and the circumstances of the Company, especially the number of shareholders.*

In this case, the notice of call shall inform of the formalities and procedures to be followed for the registration and formation of the list of attendees, for the exercise of their rights and for the proper reflection in the minutes of the proceedings of the Meeting. In no case shall attendance be conditional upon registration being completed more than one hour before the scheduled start of the Meeting.

The exclusively telematic Meeting shall be deemed to be held at the registered office regardless of where the Chairman of the Meeting is located.

The provisions on attendance and telematic means contained in this article shall be applicable, provided that they do not contradict the provisions of this paragraph.

5. *The Board of Directors may establish and update the media and procedures appropriate to the state of the technology to handle the remote attendance and casting of electronic votes from a distance during the holding of the General Meeting, adapting, if appropriate, to the rules and regulations for this system and to the provisions of the Bylaws and these Regulations. Such means and procedures will be published on the Company's corporate website."*

"Article 10. Proxies

Shareholders who are entitled to attend may be represented at the General Meeting by another person, in the manner established by law and in the Bylaws. The proxy must be granted in writing and specifically for each Meeting.

No person may accumulate proxies in the name of the same shareholder which confer on him voting rights in the name of such shareholder that exceed the limits established in article 5 of the Bylaws.

Proxies may also be granted by means of postal or electronic correspondence or by any other means of remote communication, provided that the identity of the individual granting the proxy and the security of the electronic communications are duly guaranteed, pursuant to the provisions of the applicable legislation and subject, if appropriate, to the provisions of articles 15 and 17 bis of these Bylaws and 15.9 of these Regulations on the casting of votes by the aforesaid means, insofar as this is not incompatible with the nature of the proxy granted.

The provisions of the preceding two paragraphs shall also apply to the notification to the Company of the appointment of the proxy-holder and to the revocation of the appointment. The Company shall establish the system for electronic notification of the appointment, with the formal, necessary and proportionate requirements in order to guarantee the identity of the shareholder and of the proxy-holder(s) appointed by him.

Where instructions are issued by the represented shareholder, the proxy-holder shall cast his vote in accordance with such instructions and shall be obliged to keep the instructions for a period of one year as from the date of the relevant Meeting.

Proxy-holders may hold the proxies of more than one shareholder with no limit on the number of shareholders they may represent. Where a proxy-holder holds several proxies, he may cast votes in different directions, in accordance with the instructions received from each shareholder. In all cases, the number of shares represented shall be calculated for the valid constitution of the Meeting.

Prior to his appointment, a proxy-holder must provide detailed information to the shareholder on whether he has any conflict of interest, in accordance with the provisions of article 523 of the Spanish Companies Act. If the conflict arises after his appointment and the proxy-holder has not warned the represented shareholder of its potential existence, he must inform the shareholder immediately. In both cases, if no new specific voting instructions have been received for each of the items on which the proxy-holder is to vote in the name of the shareholder, the proxy-holder must refrain from casting the vote.

Where the Directors of the Company, or another acting for the account or in the interests of any of them, have made a public proxy solicitation, the Director obtaining it may not exercise the right to vote attaching to the shares represented on those items on the Agenda in respect of which he has a conflict of interest unless he has received specific voting instructions from the

represented shareholder for each item, as provided in this article, in accordance with article 526 of the Spanish Companies Act.

Any intermediary entities registered as entitled shareholders according to the share accounting register, albeit acting on behalf of other ultimate beneficiaries, may in any case fraction their vote and vote against the proposal, further to different voting instructions, if such are received. These intermediary entities may grant a proxy to each ultimate beneficiary or to third parties designated by the latter, without limitation on the number of proxies granted.

Personal attendance of the General Meeting, either physically or telematically, by the shareholder represented shall be deemed to revoke the proxy granted.

The shareholder's proxy-holder may appoint a substitute to cast the vote where there is a conflict of interests."

Fifth. - Amendments to the articles relating to the conduct of the General Meeting (articles 11 "Quorum", 12 "Chair of the General Meeting", 15 "Constitution, deliberation and adoption of resolutions" and 17 "Publicity").

To amend Articles 11 ("Quorum"), 12 ("Chair of the General Shareholders' Meeting"), 15 ("Constitution, deliberation and adoption of resolutions") and 17 ("Publicity") of the Regulations of the General Shareholders' Meeting, which shall be worded as follows:

"Article 11. Quorum

The General Meeting shall be validly convened on first call when the shareholders, attending in person or by proxy, hold at least twenty-five per cent of the subscribed voting capital stock.

On second call the General Meeting shall be validly convened regardless of the capital stock attending thereat.

In order for an Annual or Special General Meeting to be able to validly adopt a resolution for a capital increase or reduction or any other amendment of the Bylaws, the issue of debentures, the removal or limitation of the preemptive right of acquisition of new shares, or an alteration of legal form, merger, spin-off or transfer en bloc of assets and liabilities, or the transfer abroad of the registered office, shareholders holding at least 50 percent (50%) of the subscribed voting capital stock must attend in person or by proxy on first call. On second call, the attendance of 25 percent (25%) of said capital stock shall be sufficient.

Non-voting shares and those whose holders are not up to date in the payment of calls on unpaid capital, shall not be counted as present or represented at any General Meeting."

"Article 12. Chair of the General Meeting

The General Meeting shall be chaired by the Chairman of the Board of Directors and, in his absence, by the relevant Deputy Chairman, according to rank or to seniority in the office, and, in their absence, by the person designated by the Board of Directors and, in the absence of such designation, by such Director or shareholder as is freely designated by the shareholders attending each Meeting.

The Secretary or Deputy Secretary of the Board of Directors shall act as Secretary of the General Meeting. In the absence of both, the person designated by the Board of Directors and, if no such designation exists, such Director or shareholder as is freely designated by the shareholders attending each General Meeting shall act as Meeting Secretary.

The Chairman is responsible for directing and establishing the order of deliberations and speeches; for deciding on the form taken by the vote on resolutions; for resolving any doubts, making clarifications or handling complaints which are raised in relation to the Agenda, the list of attendees, ownership of shares, delegation of authority or proxies, the requirements for valid constitution and adoption of resolutions by the Meeting, regarding the Bylaws' limit on the right to vote or regarding the interpretation of these Regulations; and for granting the floor to any shareholders requesting it, withdrawing it or refusing it and ending debates when he considers the matter being debated to have been sufficiently discussed; and, in general, exercising all such powers, including those of order and discipline, as may be necessary for the best conduct of the meeting."

“Article 15. Constitution, deliberation and adoption of resolutions

15.1. Attendance list

Before discussing the first item on the Agenda, the list of attendees shall be drawn up, indicating the nature or representation of each one and the number of shares, of their own or of others, with which they attend.

At the end of the list the number of shareholders attending in person or by proxy shall be determined, as well as the amount of capital stock they own, specifying that belonging to shareholders with voting rights, by way of summary, verified by the Secretary's Office.

The list of attendees may also be drawn up by means of a file or included on a computerized medium. In such cases the means used shall be recorded in the minutes and the appropriate identification note, signed by the Secretary and countersigned by the Chairman, shall be affixed to the sealed cover of the file or of the medium.

15.2. Calling the meeting to order

After the meeting is called to order, the Secretary shall read the information concerning the call and attendance on the basis of the list of attendees. In light of the list of attendees the Chairman shall, if appropriate, declare the General Meeting to be validly convened. If a notary asked by the Company to draw up the minutes of the General Meeting is present, he shall ask the attendees whether there are any reservations or protests regarding the information concerning the attendance of shareholders and capital stock stated by the Chairman.

Any shareholder who physically attends the Meeting and, if applicable, expresses reservations must display his attendance card to the personnel assisting the Presiding Panel and, if appropriate, the attending notary.

Before opening the debate on the Agenda, the Chairman shall ask shareholders physically attending the Meeting who wish to address the General Meeting to approach the personnel assisting the Presiding Panel, displaying their attendance card, with a view to establishing the order in which they may take the floor. Those attending by telematic means will be able to intervene in accordance with the terms set forth in the notice of meeting.

15.3. Presentations

At the Ordinary General Meeting, the Chairman shall inform the General Meeting of the most significant aspects of the fiscal year and of the Board's proposals, and his presentation may be completed by persons authorized by him. The Chairman of the Audit Committee shall be at the disposal of the General Meeting to answer such questions as may be raised thereat by the shareholders on the matters within its jurisdiction.

15.4. Request for information

While the General Meeting is being held, shareholders physically attending it may orally request such reports or explanations as they deem appropriate

concerning the items on the Agenda or about the information that is publicly available and which the Company has provided to the National Securities Market Commission since the last General Meeting was held, and about the auditor's report. If this right cannot be satisfied at that time, the Board of Directors must provide the information in writing within seven days after the holding of the Meeting. Shareholders attending by telematic means may request such information or clarifications as they deem appropriate regarding these matters under the terms set forth in the notice of call.

If prior to their formulation of a specific question, the requested information is clearly, and directly and expressly available to all shareholders on the Company website in a question and answer format, Directors may merely reply by referring to the information provided in this form.

Directors must provide the shareholders with the information requested unless this information is unnecessary to protect shareholders' rights, or objective reasons exist to consider that it may be used for non-corporate purposes or that its publicity could damage the Company or its related companies. This exception shall not apply where the request is supported by shareholders who represent at least twenty-five per cent of the capital stock.

15.5. Deliberation

When the appropriate presentations have been concluded, the Chairman shall grant the floor to shareholders who have so requested, directing and coordinating the debate, and seeking to follow the established Agenda, except as provided for in articles 223.1 and 238 of the Spanish Companies Act.

The Chairman shall organize the manner in which replies are to be given to shareholders who have made any request or clarification in their speech. In particular, he may decide that a joint reply be given to the speeches of shareholders at the end of their turn to speak.

The Chairman shall bring the debate to a close when the matter has, in his opinion, been sufficiently debated, whereupon the Chairman shall submit the proposed resolutions to a vote and they shall be read by the Secretary.

The reading of proposals may be summarized by decision of the Chairman, provided that the shareholders representing the majority of the subscribed voting capital stock present at the Meeting do not object to it.

In exercising his powers to organize the proceedings of the Meeting, and notwithstanding other actions, the Chairman may, whenever he deems it appropriate and having regard to the existing circumstances:

- i. redistribute the time assigned to each shareholder;
- ii. ask speakers to clarify or expand on the issues they have set forth;
- iii. call shareholders addressing the Meeting to order so that they limit their speech to matters specific to the Meeting and refrain from making inappropriate comments;
- iv. withdraw the use of the floor from speakers who abuse their right or have used up the time assigned;
- v. expel from the premises those who are disorderly and disrupt the normal proceedings of the General Meeting, with the necessary ancillary measures.

15.6. Temporary adjournment

- (i) Exceptionally, if disturbances occur which substantially disrupt the orderly progress of the meeting, or any other extraordinary circumstance arises which temporarily prevents the normal proceedings of the Meeting, the Chairman of the Meeting may resolve the adjournment of the session for such period of time as he deems adequate, under no circumstances exceeding two hours, in order to seek to reestablish the conditions necessary for its continuation. The Chairman of the General Meeting shall take such additional measures as he deems appropriate to guarantee the

safety of those present and to avoid the repetition of circumstances which could again disrupt the orderly progress of the meeting.

- (ii) If, after the meeting is resumed, the situation which gave rise to the adjournment persists, the Chairman may, after consulting the Presiding Panel of the Meeting, resolve an extension for the following day. If the resolution regarding the extension is, for any reason, not adopted by the Presiding Panel, the Chairman shall immediately bring the session to a close.

15.7 Extension

- (i) At the proposal of the Chairman, after consulting the Presiding Panel, or at the request of shareholders who represent at least one fourth of the capital stock present at the General Meeting, those attending may decide to extend its sessions for one or more consecutive days.
- (ii) After the holding of the General Meeting has been extended, it shall not be necessary at successive sessions to repeat compliance with the requirements stipulated by the law or in the Bylaws in order for it to be validly convened. If any shareholder included on the list of attendees drawn up at the beginning of the Meeting subsequently fails to attend successive sessions, the majorities necessary for the adoption of resolutions shall continue to be those determined at the sessions having regard to information derived from that list.

15.8 Voting

Each share confers the right to one vote pursuant to the Bylaws, subject to the limitations contained therein in accordance with the mandate of article 30 of the Electricity Industry Act and under Additional Provision No. 23 of Act 54/1997/17/2007.

The Chairman shall put to a separate vote those matters which are substantially independent, so that the shareholders can express their voting preferences separately. In particular, the following shall be put to a separate vote:

- (i) the appointment, ratification, re-election or removal of each Director.
- (ii) in the event of an amendment of the Bylaws, each article or group of articles with individual autonomy.
- (iii) any matters for which this is foreseen in the Bylaws.

The Chairman shall decide on the most appropriate method for voting in each case, which he shall announce publicly at the General Meeting sufficiently in advance of the vote.

However, the following deductive methods may be adopted to expedite voting:

- i. In voting on the Board's proposals relating to items included on the agenda, to treat as votes for those of all shares present or represented, except for votes against, blank votes and any abstentions which were expressly declared by notification to the Secretary of the General Meeting, or, if appropriate, to the notary present at the Meeting, in such manner as may be decided by the Chairman.
- ii. In voting on proposed resolutions relating to items not included on the Agenda or alternative proposals to those of the Board, to treat as votes against those of all shares present or represented, except for votes for, blank votes and any abstentions which were expressly declared by notification to the Secretary of the General Meeting, or, if appropriate, to the notary present at the Meeting, in such manner as may be decided by the Chairman.

In the two preceding cases, the declaration or casting of votes by notification to the Secretary or, if appropriate, to the notary, may be done individually in relation to each of the items on the agenda, or collectively for some or all of them. The Secretary shall furnish the Chairman with the list of the scrutineers drawn up together with the notary, if the latter was involved, with the result of

the vote on each proposal. The list of votes counted must record all votes, indicating the voter's identity, the capacity in which he cast the vote (shareholder or proxy-holder) and whether he voted for or against or, if appropriate, his abstention. The notary, if any, shall record this in the minutes in the same way.

15.9 Casting of votes by remote means of communication prior to the holding of the Meeting

Shareholders entitled to attend and vote may cast their vote on the proposals relating to items included on the Agenda, prior to the holding of the Meeting, by postal or electronic correspondence or by any other means of remote communication, provided that the identity of the individual exercising his right to vote and the security of the electronic communications are duly guaranteed, in accordance with the provisions of the applicable legislation, as well as of the Bylaws, these Regulations and such supplemental rules and rules implementing them as may be approved by the Board of Directors.

Votes by postal correspondence shall be cast by sending the Company a document in which the vote is recorded, accompanied by the attendance card issued by the entity or entities in charge of keeping the record of book entries or, if appropriate, by the Company.

Votes by electronic communication shall be cast using a recognized electronic signature or such other kind of safeguard as the Board of Directors considers suitable to ensure the authenticity and the identity of the shareholder exercising the right to vote.

A vote cast by electronic communication must be received by the Company before midnight (24:00) on the day immediately prior to that set for holding the General Meeting on first call. Otherwise, the vote shall be deemed not to have been cast.

The Board of Directors, having regard to the technical and legal bases making it possible and duly guaranteeing the identity of the individual exercising his right to vote, is authorized to implement the foregoing provisions by establishing the appropriate rules, means and procedures according to the state of the art with a view to instrumenting the casting of votes and the grant of proxies by electronic means, in compliance with any legislation which may be made for this purpose.

In particular, the Board of Directors may regulate the use of alternative safeguards to the electronic signature for the casting of an electronic vote and reduce the advance period for the Company's receipt of votes cast by postal or electronic correspondence or by any other means of remote communication, in accordance with the provisions of the previous paragraphs.

In any event the Board of Directors shall take the necessary measures to avoid duplications and to ensure that the person who cast the vote was duly entitled to do so in accordance with the provisions of article 15 of the Bylaws.

Any implementing provisions adopted by the Board of Directors under the provisions of this article, as well as the means, procedures and forms established for granting a proxy and exercising the right to vote remotely shall be posted on the Company website.

Shareholders entitled to attend and vote who cast their votes remotely in the manner contemplated in this article, must be counted as present for the purposes of convening the General Meeting.

Personal attendance at the General Meeting, either physically or telematically, by the shareholder or by his proxy-holder shall constitute the revocation of the vote cast by postal or electronic correspondence or by any other means of remote communication.

15.10 Adoption of resolutions

Resolutions shall be adopted by a simple majority of the votes of the shareholders present or represented at the Meeting; a resolution will be deemed

adopted whenever it obtains more votes in favor than against, of the capital stock present or represented. In order to adopt the resolutions foreseen in article 194 of the Spanish Companies Act and article 14 of the Company Bylaws, if the capital stock present or represented exceeds fifty (50) per cent, it will suffice for the resolution to be adopted by an absolute majority. However, the favorable vote of two thirds of the capital stock present or represented at the Meeting will be necessary if, at second call, shareholders attend that represent twenty-five (25) per cent or more of the voting capital subscribed, without reaching fifty (50) per cent. The foregoing will not apply in those cases where the Law requires a greater majority.

For each resolution submitted to a vote the General Meeting must determine, at minimum, the number of shares with respect to which valid votes have been cast, the proportion of the capital stock represented by such votes, the total number of valid votes, the number of votes for and against each resolution and, as the case may be, the number of abstentions.

15.11 Confirmation of votes

When the shareholder has cast its vote by electronic means, the Company shall send it an electronic confirmation of the receipt of its vote.

Within one month from the date of the General Meeting, the shareholder or its representative and the ultimate beneficial owner may request confirmation that the votes corresponding to the shares have been correctly recorded and counted by the Company, unless they already have this information. The Company must send this confirmation within the term established in the applicable regulations.

15.12 Closing of the session

Once all the items on the Agenda have been debated and any relevant voting held, the Chairman shall bring the Meeting to a close.

15.13 Publication of resolutions on the website

The resolutions approved and the result of the voting shall be published in full on the Company website within the five days following the end of the General Meeting.”

“Article 17. Publicity

Notwithstanding the registration at the Mercantile Registry of all resolutions capable of being registered and the applicable statutory provisions governing the publication of corporate resolutions, on the same day on which the General Meeting is held or on the next business day the Company shall send the wording of the approved resolutions to the National Securities Market Commission, in the appropriate notice of other relevant information. The wording of the resolution may also be accessed on the Company’s website. Furthermore, at the request of any shareholder or of whoever represented him at the General Meeting, the Secretary shall issue a certificate of the resolutions or of the Minutes of the General Meeting.”

Third.- Approval of the remuneration through the delivery of shares of the company provided for in the new Long-Term Incentive Plan for the Promotion of Energy Transition, Reduction of the Digital Divide and Diversification.

To approve, in accordance with the provisions of articles 219 of the Spanish Companies Act and 20 of the Bylaws of RED ELÉCTRICA CORPORACIÓN, S.A. (the "Company"), the remuneration through the delivery of shares of the Company provided for in the new Long-Term Incentive Plan for executive directors and members of management of the Company and companies belonging to the Red Eléctrica Group. (the "Plan"), in accordance with the terms and conditions set forth below:

1. Description

The Plan is instrumented through the grant of a total incentive (the "Incentive") which is the sum of a cash incentive and a certain number of shares, once the Plan has expired and the Appointments and Remuneration Committee has verified compliance with all the established conditions.

2. Beneficiaries

The Plan is aimed at executive directors and members of the management team of the Company and of the companies belonging to the Red Eléctrica Group who, due to their position or responsibility, are considered to contribute decisively to the creation of value and are included in the Plan during its term.

3. Duration, evaluation and settlement

The Plan will have a total duration of six (6) years, which is the period for measuring the objectives to which it is linked and will end on 31 December 2025.

The quantification of the Incentive derived from the Plan will take place in the first quarter following the date of completion of the Plan, by resolution of the Appointments and Remuneration Committee, once it approves the level of achievement of each of the objectives and compliance with the Plan as a whole, and its settlement will take place within a maximum period of two months from the date of the aforesaid resolution regarding the level of compliance with the Plan.

4. Maximum number and reference value of the shares

The total Incentive allocated is the sum of the incentive allocated in cash and the incentive allocated in shares, which will be communicated individually to each Beneficiary.

The incentive allocated in shares is a number of shares for each Beneficiary resulting from dividing the amount in euros corresponding to the portion of the total Incentive represented by the incentive allocated in shares, by the weighted average price of the Company's shares during the 30 trading days immediately prior to 1 January 2020 (17.54 euros per share), without including the aforesaid day in the calculation.

The allocated incentive may be exceeded in the event of overachievement of the objectives, with a limit of 110%.

The maximum number of shares to be delivered to an executive director will be 17,000 shares equivalent to 0.003% of the Company's capital stock.

5. Requirements and conditions for settlement of the Incentive

The amount of the cash incentive and the number of shares to be delivered to each Beneficiary at the end of the Plan will depend on whether the Beneficiary maintains its relationship with the Red Eléctrica Group and the degree of achievement of the established objectives.

The achievement of the objectives, linked to the new 2021-2025 Strategic Plan, will be measured using identified and quantifiable criteria and parameters.

In setting the aforesaid objectives linked to the Incentive Plan, the Appointments and Remuneration Committee and the Board have taken into account, among other issues, the transversal sustainability strategy of the 2021-2025 Strategic Plan, the alignment with the Red Eléctrica Group's Commitment to Sustainability, its Sustainability Policy and the United Nations 2030 Agenda for Sustainable Development, compliance with which is periodically supervised by the Company's Sustainability Committee.

Specifically, the incentive to be delivered to each Beneficiary will depend on the following objectives and metrics, with the weightings indicated:

Weighting	Objectives	Metrics
45%	Making the Energy Transition a reality in Spain	<ul style="list-style-type: none"> • Volume of regulatory asset base (RAB) placed in service (25%) • Average interruption time (AIT) of electric power demand (7.5%) • Electricity system operator: penetration of renewables (7.5%) • Investments in operation of the electricity system (5%)
15%	Boosting Connectivity	<ul style="list-style-type: none"> • EBITDA of the Telecommunications business
10%	Consolidating International Business	<ul style="list-style-type: none"> • EBITDA of the international business
5%	Innovation and Technology	<ul style="list-style-type: none"> • Compliance with the Innovation Plan

5%	Persons	<ul style="list-style-type: none"> • Accident severity rate
10%	Efficiency	<ul style="list-style-type: none"> • Average annual ROIC (weighted by EBITDA) (5%) • Compliance with CNMC ratios (5%)
10%	Sustainability	<ul style="list-style-type: none"> • Compliance with the Sustainability Plan

The Appointments and Remuneration Committee will monitor the objectives on an annual basis and, once the Plan's measurement period has ended, in the first quarter of the fiscal year following its expiration it will evaluate achievement of each of the objectives and fulfilment of the Plan as a whole, considering the information provided by the Company, and will propose the incentive levels associated with compliance, based on the achievement scales established in the Plan.

The Appointments and Remuneration Committee is supported by the Corporate Economic-Financial Department, responsible for the management control function of the Red Eléctrica Group, which provides information on the audited results of the Company and the Red Eléctrica Group. Both for the establishment of the objectives and for the evaluation of their fulfilment, the Commission will also consider any associated risks.

In addition, the Company's Audit Committee verifies the economic-financial data that may form part of the established objectives, since it is necessary for this Committee to previously verify the economic results of the Company and the Group that, if applicable, are considered for the calculation of the corresponding objectives.

In any case, it has been established that the weighted average achievement of all the objectives must reach at least 70%. If not, no right to receipt of incentive will arise, regardless of individual achievement of each objective. Similarly, the maximum level of achievement of the overall objectives of the plan will be 110%, although weighted-average achievement of the objectives may be greater.

In determining the level of achievement of the objectives, the economic effects, positive or negative, derived from extraordinary events that could distort the results of the evaluation shall be eliminated.

6. Cancellation or refund

The Appointments and Remuneration Committee shall have the authority to propose to the Board the cancellation or repayment of an executive director's long-term variable remuneration in certain circumstances, in accordance with the provisions of the directors' remuneration Policy.

7. Source of the shares to be delivered

The shares to be delivered to the Beneficiaries may, subject to compliance with the legal requirements established for such purpose, be: (a) shares of the Company in treasury stock acquired or to be acquired by the Company or any company of its Group; (b) newly issued shares of the Company; or (c) shares of the Company from third parties with which agreements have been entered into to ensure fulfilment of the commitments assumed.

8. Delegation of authority

RESOLUTION REGARDING ITEM TENTH ON THE AGENDA:

REAPPOINTMENT OF THE STATUTORY AUDITOR OF THE PARENT COMPANY AND OF THE CONSOLIDATED GROUP.

The firm of KPMG Auditores, S.L. ("KPMG Auditores") has audited the individual and consolidated annual financial statements of Red Eléctrica Corporación and of the Group's subsidiaries since 2013, as well as the requisite Comfort Letters that were issued to renew the Group's debt securities and bond issuance programmes.

The General Shareholders' Meeting of Red Eléctrica Corporación, S.A. ("REC") held on 18 April 2013, in accordance with the provisions of article 264 of the Spanish Companies Act, resolved to name KPMG Auditores as statutory auditors of the company and of its Consolidated Group in order to audit the individual annual financial statements of the company and those of its Consolidated Group for the 2013, 2014 and 2015 financial years.

Similarly, after the initial term envisaged in the Spanish Accounting Audit Act (*Ley de Auditoría de Cuentas*) expired, the General Shareholders' Meeting of REC held on 15 April 2016 resolved to reappoint KPMG Auditores as statutory auditors of the company and of its Consolidated Group in order to audit the individual annual financial statements of the company and those of its Consolidated Group for the 2016, 2017 and 2018 financial years and the Ordinary General Shareholders' Meeting of REC held on 22 March 2019 resolved to reappoint KPMG Auditores as auditors of the accounts of the company and its consolidated group for the 2019 financial year, and the Ordinary General Shareholders' Meeting of REC, held on 14 May 2020, resolved to re-elect KPMG Auditores as auditors of the company and its consolidated Group for the fiscal year 2020.

Law 22/2015, of 20 July on Auditing of Accounts, establishes in Article 40 that, in relation to the duration of the audit contract, the provisions of Article 17 of Regulation (EU) No. 537/2014, of 16 April, shall apply and that, in the case of public interest entities, the contracting period may not exceed, including extensions, the maximum duration of ten years established in Article 17 of the aforementioned Regulation.

Based on the above, and given that KPMG Auditores' first audit year was 2013, the years for which the audit could be contracted to KPMG Auditores would be the years 2021 and 2022 at the most.

Furthermore, the selection of the new auditor for the 2023 financial year must be made sufficiently in advance to ensure that the new auditing firm does not have any problems of legal incompatibilities in providing services to the Group in the year prior to the first financial year to be audited. Likewise, it is considered advisable that the new auditor for the 2023 fiscal year be appointed by the General Shareholders' Meeting the year before the beginning of the fiscal year for which the external auditor is appointed -i.e., that he/she be appointed in 2022-, mainly to facilitate the replacement of the outgoing external auditor sufficiently in advance.

Consequently, on the expiry of this latest term of one year of KPMG Auditores' appointment as auditor of the company and of the Group, in accordance with the terms of article 529 quaterdecies, paragraph 4.d) of the Spanish Companies Act and article 16.3.a) of the Regulations of the Board of Directors, the following resolution is submitted at the proposal of the Audit Committee:

To reappoint KPMG Auditores, S.L., con NIF B-78510153, with tax identification number B-78510153, and registered office at Paseo de la Castellana, 259 C, C.P. 28046 Madrid, registered in the Mercantile Registry of Madrid (volume 11,961, folio 90, section 8, page number M188.007, entry 9) and in the Official Register of Statutory Auditors (*Registro Oficial de Auditores de Cuentas — ROAC*) under number S0702, as auditors of the accounts of the parent company, Red Eléctrica Corporación, S.A. and of its Consolidated Group, for a term of two (2) years, covering the 2021 and 2022 financial years, in accordance with the terms of article 264 of the current Spanish Companies Act.

RESOLUTION REGARDING ITEM ELEVENTH OF THE AGENDA:

DELEGATION FOR FULL IMPLEMENTATION OF RESOLUTIONS ADOPTED AT THE GENERAL SHAREHOLDERS' MEETING.

For implementation of those of the foregoing resolutions that are adopted by the General Shareholders' Meeting, the following resolution is proposed to the Board of Directors for submission to the General Meeting:

Without prejudice to the authorisations expressly given by the shareholders at the General Meeting to the Board of Directors, the Chairperson and each of the members of the company's Board of Directors, and the secretary of the Board and vice secretary thereof, are granted the broadest authority, to be exercised jointly or separately, to implement, perform and register each and every one of the resolutions adopted by this General Shareholders' Meeting, including signing the relevant agreements and documents, with the clauses and conditions they deem to be appropriate, and interpreting, correcting and completing the aforesaid resolutions and recording them as public documents, based on their effectiveness and the comments of any agency or authority, in particular the verbal or written comments of the Mercantile Registrar, taking such actions as may be necessary or appropriate to successfully implement the same, in particular to achieve registration with the Mercantile Registry of those resolutions that are susceptible of registration.

II. MATTERS REPORTED

MATTER RELATED TO ITEM TWELFTH ON THE AGENDA:

REPORT TO THE GENERAL SHAREHOLDERS' MEETING ON THE ANNUAL CORPORATE GOVERNANCE REPORT OF RED ELÉTRICA CORPORACIÓN, S.A. FOR THE 2020 FINANCIAL YEAR.

The General Shareholders' Meeting is advised that, in accordance with the provisions of article 540 of the LSC and other applicable regulations, the Board of Directors, at a meeting held on 23 February 2021, unanimously approved the Annual Corporate Governance Report (*Informe Anual de Gobierno Corporativo, or "IAGC"*) of Red Eléctrica Corporación S.A. for the 2020 financial year. That report was notified to the National Securities Market Commission (*Comisión Nacional del Mercado de Valores*) as a material disclosure.

The 2020 IAGC applies the same structure and criteria as the 2019 report, and was prepared after comparative analysis of international best practices of comparable undertakings, seeking elimination of repetition, introducing summaries, graphics and hyperlinks to the corporate website to facilitate its reading, with direct access to related documents that may be of interest.

The Annual Corporate Governance Report for the 2020 financial year consists of a main body of seven sections, which refer to the regulatory framework and corporate governance policy as an expression of the strategy in this regard (Section 1), the commitment to dialogue and the participation of shareholders and other stakeholders (Section 2), the Board of Directors as the control and supervision body (Section 3), the balance of authority on the Board of Directors (Section 4), the remuneration policy and evaluation (Section 5), the application of the system for comprehensive risk control, management and compliance (Section 6) and future prospects (Section 7).

New to the 2019 report is the inclusion of an introductory section of a statistical nature entitled "At a glance: corporate governance model in 2020", with the aim of concentrating on two sides as an executive summary of the main indicators relating to the ownership structure, the General Shareholders' Meeting and the Board of Directors, including the Board Committees. The indicators contained herein are those most frequently requested by analysts, proxy advisors and institutional investors in their analyses and evaluations of the company.

Likewise, the format of the entire document has evolved in order to modernize it, make it more visual and easier to read, eliminating repetitions, complementing and introducing new highlighted sections, improving existing graphics and texts and introducing new ones.

In addition, as was done in prior years, the most relevant aspects of the process of annual self-evaluation of the Board of Directors have been reported (Section 5) together with the roadmap for Corporate Governance established by Red Eléctrica for coming years, which is explained in Section 7, called *Future Prospects*.

Finally, as is customary, an Official Annex is attached in the Form of Annex I to the Circular 2/2018 of 12 June 2018 of the National Securities Market Commission.

The Annual Corporate Governance Report is available, in Spanish and English, since 24 February 2021 in the Corporate Governance section of the company's website (www.ree.es), and in the documentation made available to shareholders for this General Shareholders' Meeting.

MATTER RELATED TO ITEM THIRTEENTH ON THE AGENDA:
